Information on data transfer to the USA and other non-EU countries

Among other things, we use tools of companies domiciled in the United States or other from a data protection perspective non-secure non-EU countries. If these tools are active, your personal data may potentially be transferred to these non-EU countries and may be processed there. We must point out that in these countries, a data protection level that is comparable to that in the EU cannot be guaranteed. For instance, U.S. enterprises are under a mandate to release personal data to the security agencies and you as the data subject do not have any litigation options to defend yourself in court. Hence, it cannot be ruled out that U.S. agencies (e.g., the Secret Service) may process, analyse and permanently archive your personal data for surveillance purposes. We have no control over these processing activities.

Redirection to third party websites

We have included links to the websites of third parties. When you click on these links, data is transmitted to the operator of the website. This privacy policy does not regulate the collection, transfer or handling of personal data by third parties. Please check the privacy policy of the responsible party.

Consent according to §25 para. 1 TTDSG

Depending on your consent, we use various tools on our website that process your data. Insofar as we base data processing on your declaration of consent pursuant to Art. 6 (1)(a) GDPR and inform you about the purpose and mode of action of the declaration of consent in our data protection declaration, your consent also applies within the meaning of §25 (1) TTDSG. Which cookies, plug-ins and other data-processing tools are used, please refer to the privacy policy.

Revocation of your consent to the processing of data

A wide range of data processing transactions are possible only subject to your express consent. You can also revoke at any time any consent you have already given us. This shall be without prejudice to the lawfulness of any data collection that occurred prior to your revocation.

Right to object to the collection of data in special cases; right to object to direct advertising (Art. 21 GDPR)

In the event that data are processed on the basis of Art. 6(1)(E) or (F) GDPR, you at any time have the right to object to the processing of your personal data based on grounds arising from your unique situation. This also applies to any profiling based on these provisions. To determine the legal basis, on which any processing of data is based, please consult this data protection declaration. If you object, we will no longer process your affected personal data, unless we are in a position to present compelling protection worthy reasons for the processing of your data, that outweigh your interests, rights and freedoms or if the purpose of the processing is the claiming, exercising or defence of legal entitlements (objection pursuant to Art. 21(1) GDPR).

If your personal data is being processed in order to engage in direct advertising, you have the right to object to the processing of your affected personal data for the purposes of such advertising at any time. This also applies to profiling to

the extent that it is affiliated with such direct advertising. If you object, your personal data will subsequently no longer be used for direct advertising purposes (objection pursuant to Art. 21(2) GDPR).

Right to lodge a complaint with the competent supervisory agency

In the event of violations of the GDPR, data subjects are entitled to lodge a complaint with a supervisory agency, in particular in the member state where they usually maintain their domicile, place of work or at the place where the alleged violation occurred. The right to lodge a complaint is in effect regardless of any other administrative or court proceedings available as legal recourses.

Right to data portability

You have the right to demand that we hand over any data we automatically process on the basis of your consent or in order to fulfil a contract to you or a third party in a commonly used, machine readable format. If you should demand the direct transfer of the data to another controller, this will only be done if it is technically feasible.

SSL and/or TLS encryption

For security reasons and to protect the transmission of confidential content, such as purchase orders or inquiries you submit to us as the website operator, this website uses either an SSL or a TLS encryption program. You can recognise an encrypted connection by checking whether the address line of the browser switches from “http://” to “https://” and also by the appearance of the lock icon in the browser line. If the SSL or TLS encryption is activated, data you transmit to us cannot be read by third parties.

Information about, erasure and rectification of data

Within the scope of the applicable statutory provisions, you at any time have the right to demand information about your stored personal data, their source and recipients as well as the purpose of the processing of your data. You may also have a right to have your data rectified or erased. If you have questions about this subject matter or any other questions about personal data, please do not hesitate to contact us at any time.

Right to demand processing restrictions

You have the right to demand restrictions as far as the processing of your personal data is concerned. To do so, you may contact us at any time. The right to demand restriction of processing applies in the following cases:

- In the event that you should dispute the correctness of your data stored by us, we will usually need some time to verify this claim. During the time that this investigation is ongoing, you have the right to demand that we restrict the processing of your personal data.
- If the processing of your personal data was/is conducted in an unlawful manner, you have the option to demand the restriction of the processing of your data instead of demanding the erasing of this data.
- If we do not need your personal data any longer and you need it to exercise, defend or claim legal entitlements, you have the right to demand the restriction of the processing of your personal data instead of its erasing.
- If you have objected pursuant to Art. 21(1) GDPR, your rights and our rights will have to be weighed against each other. As long as it has not been determined whose interests prevail, you have the right to demand a restriction of the processing of your personal data.

If you have restricted the processing of your personal data, these data – with the exception of their storage – may be processed only subject to your consent or to claim, exercise or defend legal entitlements or to protect the rights of other natural persons or legal entities or for important public interest reasons cited by the European Union or a member state of the EU.

Cookies

Our websites and pages use what the industry refers to as “cookies.” Cookies are small text files that do not cause any damage to your device. They are either stored temporarily for the duration of a session (session cookies) or they are permanently stored on your device (permanent cookies). Session cookies are automatically deleted once you terminate your visit. Permanent cookies remain stored on your device until you actively delete them or they are automatically erased by your web browser. In some cases, it is possible that third-party cookies are stored on your device once you enter our site. These cookies enable you or us to take advantage of certain services offered by the third party (e.g., cookies for the processing of payment services). Cookies have a variety of functions. The purpose of other cookies may be the analysis of user patterns or the display of promotional messages. Cookies, which are required for the performance of

electronic communication transactions (required cookies), or for the provision of certain functions you want to use (functional cookies, e.g., for the shopping cart function) or those that are necessary for the optimisation (required cookies) of the website (e.g., cookies that provide measurable insights into the web audience), shall be stored on the basis of Art. 6(1)(f) GDPR, unless a different legal basis is indicated. The operator of the website has a legitimate interest in the storage of required cookies to ensure the technically error-free and optimised provision of the operator's services. If your consent to the storage of the cookies and similar recognition technologies has been requested, processing of these cookies occurs exclusively on the basis of the consent obtained (Art. 6(1)(a) GDPR and § 25 (1) TTDSG); this consent may be revoked at any time. You have the option to set up your browser in such a manner that you will be notified any time cookies are placed and to permit the acceptance of cookies only in specific cases. You may also exclude the acceptance of cookies in certain cases or in general or activate the delete function for the automatic deletion of cookies when the browser closes. If cookies are deactivated, the functions of this website may be limited. In the event that third-party cookies are used or if cookies are used for analytical purposes, we will separately notify you in conjunction with this Data Protection Policy and, if applicable, ask for your consent.
